CHAIRMAN MESSAGE

Dear Parents / Guardians and Students, Greetings of love and Namasthe!

Being with the education institution it is always a great feeling My heart fills with immense pleasure, as I perceive the progress being made at the Higher Education Institutions. PCAS College heartily welcome you to, which envision a destination of academic excellence and it has always been at the forefront of quality education with the boundless opportunities in India. The assorted dimension of the college has been growing consistently each year. At PCAS, there is a rigorous target setting linked with high quality assesment for learning and the students are supported beyond the classroom in their journey to the future.

The teachers play an important role in the progress of the college and in developing the personality of the students. Students are the nation builders and are the agents of change. Dear Students, we not only create your future, but we craft you for your future.

Warm welcome to **PCAS** family,
Dr. K. Rethinam MJF

ABOUT US

The PCAS is located on the main road from Pudukkottai to Pattukottai, via Alangudi. Established in the Year 2016, Pushkaram College of Agriculture Sciences is affiliated to the erstwhile TamilNadu Agricultural University (TNAU), Coimbatore. It is situated at Thiruvarankulam, Pudukkottai, adjacent to TNAU Research Centre and KVK at Vamban. The fertile and ever green PCAS Campus, is closer to many Historical places. Pushkaram College of Agriculture Sciences adopts globally acceptable practices in imparting Agriculture education and developing Agriculture research culture. This rich experience will help in providing quality education.

VISION

Emerging as Global Institution for digital and technology driven farming to empower the learners with global competency in agricultural innovation.

MISSION

- Embracing cutting-edge, modern methodologies in teaching – learning processes.
- Equipping learners to navigate the evolving agricultural landscape.
- Involving the learners in agricultural research activities on a regular basis.
- Training the rural farmers with sustainable practices with the perspective of global farming inventions.

B.Sc. (Hons.) Agriculture

Bachelor of Science (Hons.) in Agriculture is an undergraduate Agriculture Science programme with duration of four years. Agriculture includes the study of various methods of agriculture, the use of modern fertilizers for the improvement of crops and the ways to improve the present technique of Agriculture with the help of modern technology. The study under B.Sc. in Agriculture (Hons.) includes the use of various technological aspects for the betterment of agriculture. The degree course is an important as India's most of the population is engaged in the sector; it opens many career scopes for the candidates after its successful completion.

WHY CHOOSE US?

Agricultural Education today, is a promising field offering career prospects in multi-dimensional areas when compared to other professional courses. We, the Pushkaram team, strive to promote agricultural education with excellence.

*First time in the history of Tamilnadu, A private Agriculture college getting **Central Government Funding Project of Rs 35 lakhs** for Research Programme for the students.*
